

Amino Kamai TV Set-Top Box Self-Connect Guide

WESTMAN | COMMUNICATIONS GROUP

Amino Kamai 4K Self-Connect Guide

- Insert the HDMI cable to your TV's HDMI port. Then connect the other end of the HDMI cable into the **HDMI Port** on the back of the set-top box.
- Insert the Network cable (Ethernet) to the **Ethernet Port**.
- Insert the power adapter end into the **Power Port** on the back of the box. Then connect the other end to a wall power outlet.
- The purple/blue power light will come on.
- Install batteries into the remote. After set-up is complete, it will control the set-top box (guide button, channel up/down, and exit). Refer to the Easy Clicker guide to pair your TV for volume and power functions.
- Pair your Easy Clicker remote to the Amino box by pressing and holding the "CBL" and the "OK/SEL" button until the "CBL" button turns red, while it's still red, press 221 on the number pad.
- Wait at least 1 minute for power-up.
- Turn the TV on and adjust the TV input setting to the correct HDMI input for the set-top box. You should have a picture once you are on the correct input.
- Select a network interface. Choose the "Network cable (Ethernet)" selection.
- The guide will download in approximately 30 minutes.
